Sorry to go at this another time. A meeting at WDNR would require a full day with drive there, meeting and drive back.

What about the following dates:

Tuesday, January 19th

Tuesday, January 26th

Wednesday, January 27th

Jessie,

I am scouting out potential meeting dates for a WDNR/EPA discussion. I think Margaret will want this to be in Madison. This is who I think she will want to be there besides herself:

Mike

Gary

Sherry

Bob

Before the holidays, I was looking for any potential dates before January 7th.

Now, I would like to see if Margaret has a day (travel to Madison, have the meeting and travel back in the same day) free to do this in January, starting January 22nd through to January 29th.

Jessie,

Margaret wanted to set up a meeting with WDNR to discuss the Tower Standard LUST site. I am aware of the following end of year meetings (and their travel dates):

January 7 IDEM

January 12 and 13 MDEQ

January 20 and 21 OEPA

I am on vacation from January 13, 14 and 15 so those days won't work either.

Does Margaret have a few days before January 7th that we might consider as possible meeting dates with WI?
